**Indoor Networking Rack
4U-15U**

Wall Mount Racks specially designed for small Networking, Domestic application, Audio Video, Telecom and Lab applications. Racks are fabricated out of CRCA steel, CNC programmed, punched, bended, welded and Powder coated with highest quality standards. Configuration for standard racks are welded frame integrated with side panels and vented top cover with fan mounting provision, while front glass with lock & key provides the visibility & security, rear side of the Rack is provided with the wall mounting slots for your equipment. Racks are available from 4U to 15U Variants with 400mm, 450mm, 500mm and 600mm deep configuration.

FEATURES

► Adjustable 19" equipment mounting verticals provide the better mounting flexibility and maximizes the usable mounting space.

► Top and bottom Panel with ventilation and cable entry facility.

► Powder coated finish with pretreatment process meeting all industry standards.

► Depth adjustable mounting slots.

► Precision engineering capabilities and best efficient software configuration product technology provides the best product quality and fastest delivery in the industry.

► Provision to mount the cooling fans on the top panel.

► Grounding and Bonding Options. 100% assured compatibility with all equipment conforming to DIN 41494 (General industrial standard for equipment).

SPECIFICATION

Rack Standard : Conforms to DIN 41494 or equivalent standard	
Front Door : Lockable Toughened Glass Door	
Equipment Mounting : DIN Standard Slots	
Standard Finish : Powder Coated	
Standard Color : Grey or Black	
Construction : Welded	
Basic Frame : Steel	
Mounting Angle : 19" Mounting angles made of formed steel	
Top and Bottom Cover : Welded to Frame, Vented and Field Cable entry exit cut outs	
Static Load : 25 kgs.
